Document Body

Carl,

The following are attached to this email:

[1] A letter (PDF format) to ASEPA requesting mixing zones for DO, turbidity, and light penetration so that we can maintain the same language in the new permits as in the existing permit. This has not been sent to ASEPA at this point per your instructions.

[2] A draft letter to StarKist from ASEPA granting the request (in Word format) with the appropriate required language

[3] A draft letter to Samoa Packing from ASEPA granting the request (in Word format) with the appropriate required language

Give me a call if you have any questions. I am not sure what Sara's schedule is but this needs to get done quickly to modify the permit language...

Thanks for your help

Steve - Request to Re-Revise WQCs.pdf - Draft SKS Approval for ZOMS.doc - Draft COS Approval for ZOMS.doc
